Summary:

El learns a new word from some of her friends.

Oneshot/drabble

Pregnant

Eleven tilted her head as she saw Nancy Wheeler and Jonathan Byers come back into the Byers' house. Not an unusual sight of course, since all of them tended to hang out there a lot. However this time something was different.

"Why are you big?" El asked suddenly.

Nancy looked up, maybe a little surprised. But she was smiling. "I'm pregnant, El."

El tilted her head. She didn't know that word. "Pregnant...?"

"Yeah. Jonathan and I--" She took his hand. "We're going to have a baby."

"...why?"

"Well." Nancy paused; she had to think of a good way to explain it to the younger girl. "A lot of the time when people love each other they decide they want to have children in order to share that love with."

El nodded slowly. That was a good point.

And it'd be nice to have a little baby around...

Later that day, Eleven was hanging out with the rest of her friends, the ones that were more her age. Nancy wasn't thirteen for the record. That would be a little creepy.

"Mike? When are *we* going to have a baby?"

Mike choked on his drink.

Their other friends snorted in laughter.

And El herself just sort of frowned. Was it something she said?
